RACINE MAN KILLED IN LIQUOR RAID

SALOON KEEPER BATTLES WITH GOV'T. OFFICERS

THREE ARE INJURED WHEN EXCHANGE OF SHOTS FOLLOWS SEARCH IN HOME FOR LIQUOR.

Racine, Mar. 6.—Barney Sekat, aged 29, saloon proprietor was killed and 3 others injured in a fight last night which resulted when federal officers and local police attempted to search the Sekat premises for illicit liquor.

Father Also Hurt.

Edward Pell, local detective was shot in the hand while B. Herzog, Milwaukee federal officer, and N. Sekat, father of the dead man were badly cut and otherwise injured. The shooting occurred while Herzog was searching rooms on the second floor of the building. Sekat ordered him away from one of the rooms alleging that his wife was on the inside; while Herzog tried to satisfy the man he was seized from behind by Sekat's father but broke away and was fired upon by the son, other officers came to Herzog's assistance, joined the fight, killing Sekat almost immediately.

It is said a considerable quantity of liquor was found by officials.

WEST SIDE RESIDENTS SQUARE UP PROPERTY

Lines Readjusted Between Akey and Swarick Lots.

A deal which was closed today between Mrs. Hannah Akey and Frank Swarick, both residents of the west side near the St. Paul station, squaring up the line on the lots of their property, giving Mrs. Akey a lot with a thirty-one foot frontage next to her Restaurant building and squaring up Mr. Swarick's property, which formerly had a good frontage but tapered back with practically no property in the rear of his buildings.

Often Tried Settlement.

The straightening of the lines on the lots has been a matter of contention between the different owners for many years, it having originally been owned by the Randalin family. Several settlements were attempted and while the different parties to the agreement would at times think they had the matter practically settled some matter would come up that could not be decided and it would again fall through.

The straightening of the line there now gives Mrs. Akey a good lot in a rapidly growing business section of the city.

NEW TIRE SHOP HERE TO REBUILD CASINGS

PEEL'S MAN LOCATES CENTRAL OFFICE HERE

F. W. Spicer & Sons, of Phelps, Wis., have located a new tire rebuilding shop in this city at 111 Second Street North. The new concern will be known as the Grant Tire Exchange Co., the office in this city being the district center for northern and central Wisconsin. According to Mr. Spicer they take casings which are worn out and send them in to the factory to be rebuilt. In case the customer wants his own tires returned, he can wait for them, but if he wishes he can bring in a certain size tire and take one of the same size away with him, paying the cost of rebuilding. The factory of the company is located at Findlay, Ohio, where the tires are sent from this city. The company has many agencies throughout Wisconsin, Mr. Spicer says.

INDEPENDENT CANDIDATE

George Moulton, who is a candidate for alderman in the Fourth ward, states that he is not a candidate put up by labor but is running on an independent ticket. Mr. Moulton states that he expects to get votes from employers as well as employees of his ward and stands for a clean, honest administration which will benefit everyone in the city.

LEAVE FOR TEXAS

Messrs. J. A. Cohen, B. L. Brown, J. Lindahl and S. M. Whittlesey left Thursday for Texas where they expect to spend several days on business.

SERVICE BONUS CHECKS ARRIVE

M. L. CAREY AND JAMES N. WYSE FIRST TO RECEIVE REWARD

As far as is known the first State Bonus checks for military service arrived in this city this morning when M. L. Carey and James N. Wyse, both former service men from Wisconsin received the State Bonus of ten dollars a month for the period of time they served. While some checks have been received in different parts of the state previous to this these are the first checks to be known to have come to Grand Rapids.

Has Big Check

Mr. Carey enlisted from Grand Rapids in 1917, his check amounting to \$179.33 indicating practically eighteen months service. Of this time Mr. Carey spent nine months abroad with the Seventy-ninth division, being a member of the Divisional Supply train of that organization. Mr. Carey states that he made application for the bonus as soon as the notice was sent out, it being stated by the Service Recognition Board that the bonuses are being mailed out in the order of their being received at Madison. The check on which Mr. Carey's bonus was paid is numbered forty-four, and is drawn on the First Wisconsin National Bank at Milwaukee. The low number would indicate that few had been sent out on that bank in the state.

Wyse Receives Check

Mr. Wyse, who has also received his bonus check, enlisted at Oshkosh and was a member of the Independent Air Force. He spent practically sixteen months in the service, his check being for \$159.00. Fourteen months of this time was spent overseas, receiving his preliminary training in England and later being detailed to night bombing work in France. Mr. Wyse's check was also drawn on the First Wisconsin National Bank of Milwaukee and was numbered 1,374, which would indicate that the bonus money is being mailed out at a rapid rate.

There are several hundred men in this city and vicinity who are entitled to the bonus and who will probably be receiving their checks regularly now.

REGISTRATION ON MARCH 23

CITY ATTORNEY WHEELAN RULES SECOND TUESDAY BEFORE ELECTION IS REGISTRATION DAY

The ruling that the registration date for the April elections shall be on March 23 instead of March 30 was handed down today by the city attorney's office. The statutes provide on Tuesday before the election, according to City Clerk Gilkey.

Two Registration Places

There will be two registration places as usual this year, those living on the east side will register at the Library on that date. All west side voters will go to the fire station adjoining the city hall on the west side for registration. These two places are the polling places for the coming election.

TWENTY-TWO BELOW BY GOV'T. REGISTER

The government thermometer registered twenty-two degrees below zero this morning Weather Observer Geo. T. Nixon states, which should almost set a record for March weather even in Wisconsin. Friday morning the thermometer registered ten below which was considered exceptionally cold in itself until the record made this morning. The report for Sunday is continued cold weather which indicates that there will be no immediate rise in the temperatures for the Sabbath at least. Optimists generally begin to look for a little letup in the cold spell which March arrives, the snow often being pretty well thawed toward the latter part of the month and the ground bare early in April. While the weather may moderate to that extent this year there will have to be a sudden change from the present temperatures to uphold records made in the past.

MEEHAN WANTS CLUB HOUSE LOCATED THERE

SAYS RIVER SITE IS ONE OF THE BEST ON WISCONSIN

Following the proposal that Ex-Mayor Jos. Cohen made to the Chamber of Commerce of this city, urging the formation of a company to erect a community country club at Meehan, where people of Stevens Point, Marshfield and Grand Rapids might gather, the Stevens Point Journal-Gazette republished the article printed in the Tribune regarding the movement and commented on it. Their Meehan correspondent sends them the following communication regarding the proposed club house, which would indicate they are anxious to have it located there:

Willing to Help

"In an article which appeared in the Journal-Gazette last week it was announced that three cities were considering a country club, taking in Grand Rapids, Stevens Point and Marshfield and the location of the site being considered was at Meehan, on the Wisconsin river. The site mentioned is one of the most picturesque along the Wisconsin river and the promoters of the proposition are to be congratulated for taking under consideration this particularly rare location. It is to be regretted that Meehan community has not a business organization of some kind to help the promoters of the idea, but should the cities decide to choose this location they can rest assured that all will be done by the local people to make it as comfortable and homelike as possible."

WANT MOTORIZED ARTILLERY HERE

Prospects of Grand Rapids securing a motorized light field artillery unit of the Wisconsin National Guard are very good if the people of Grand Rapids want to back and organize a company for that branch of the guard. Lt. Col. Byron Beveridge has informed local military men interested. Five cities in the state have been mentioned for these units, they being Grand Rapids, Antigo, Merrill, Stevens Point and LaCrosse.

Want Unit Here

There has been considerable agitation for a guard unit in Grand Rapids and according to former military men they are anxious to see one formed. Both the American Legion of this city and the Chamber of Commerce have endorsed the movement.

In a letter from Col. Beveridge he says the following of the organization:

Holway's Opinion

Gen. O. Holway has taken up the matter with the war department of having the light field batteries motorized instead of being horse drawn. A number of the light batteries in the regular army have been converted into motorized units and it is said that others will follow a similar procedure and it is desired that Wisconsin be equipped with motorized batteries equipment for both heavy and light artillery. Up to date Antigo, Stevens Point, LaCrosse, Grand Rapids and Merrill have been designated for light artillery. Antigo is leading in recruiting. The heavy artillery will be in Milwaukee, Racine and Green Bay. Battery A, Milwaukee, is leading in the heavy recruiting. Indications are that both the heavy and light artillery regiments will be well recruited before camp, altho their size compared with infantry and cavalry units is requiring more time to go over the top.

MUST FILE PAPERS BEFORE MID-NIGHT

Madison, Mar. 6.—Nomination papers must be filed with the Secretary of State before mid-night Saturday, Secretary of State L. H. Knapp announced that he would keep the office open until mid-night to permit filing of late papers. At noon on Saturday the democratic party had filed no nomination papers. On the republican party the unrestrained delegates had filed complete papers for all districts of the state and delegates had been filed for delegates at large and all other districts except the first, 6, 8, and 11.

EXPRESS TIED UP IN CHICAGO WITH STRIKE

DELIVERIES STOP WHEN WORKERS WALK OUT IN VIOLATION OF LAW.

Chicago, Mar. 6.—Express workers in down town railroad stations estimated to number from 500 to 2500 walked out this morning. All delivery of express to and from railroad depots have stopped, it was announced at the office of the American Railway Express Company.

Deposed Leaders Active.

R. E. Shepherd, who called the strike yesterday after having been deposed as a grand official of the order of Railway clerks, by J. R. Abbott, vice-Grand president, is leading an out going organization, other express unions, declared today.

Warned Not To Strike.

A. Rollinger, Grand President of the order of Railway Express men issued a warning to his men not to strike and declared the Shepherd walk-out a direct violation of the Transportation act passed recently by Congress.

PORT EDWARDS PARENTS AND TEACHERS TO MEET

PLAN PROGRAM AND DANCE AT GATHERING ON TUESDAY

The regular meeting of the Port Edwards Parent-Teachers' Association will be held at the schoolhouse in that village Tuesday evening of next week, when the members have arranged a special program and the evening promises to be a very attractive one.

Jackson To Talk

Prof. M. H. Jackson of this city has been secured to speak at the gathering Tuesday night, a special film from the university has been engaged for the evening, and a lunch will be served. Following the program and lunch there will be a dance in the schoolhouse.

Expect Large Crowd

The programs of the Parent-Teachers association have become very popular in Port Edwards, and with the special effort they are making for this meeting, a large crowd is expected to attend.

NEKOOSA LOST SECOND CONTEST TO TOMAHAWK

FAILURE TO COME BACK COSTS PLACE IN FINALS AT NORMAL

The Nekoosa high school basketball team lost their second game of the Stevens Point tournament to the Tomahawk team on Friday when the northern boys trimmed them by a thirty-three to seventeen score. The Tomahawk team had things pretty well their own way according to the reports of the game. While it is not officially known it is thought that this eliminates Nekoosa from any further chance to win a place in the tournament.

First Game Fast

The Stevens Point Journal says the following of the Nekoosa-Waupaca game:

"The tournament started off Thursday afternoon at 4 o'clock when the initial contest was played between Waupaca and Nekoosa. The outcome of the contest was in doubt until the final whistle, both teams showing plenty of fight but apparently failing to hit their stride. Nekoosa led at the close of the first half by a one-point margin, the score being seven to six. Waupaca grew stronger in the final half while Nekoosa weakened, the former team winning the contest by the score of 13 to 10. A dozen or more enthusiastic Waupaca fans accompanied their team to Stevens Point and have reserved seats for the entire tourney."

STUDENT AND ATHLETE

Ames, Ia.—That an athlete can apply his prowess to studies as well as sports has been demonstrated by Stewart N. White, captain of the Iowa State College basketball team. White has been elected to Alpha Zeta, national scholastic fraternity for agricultural students. White is an all-year athlete. Last fall he was the unanimous choice for an all-state football position. He was a member of last year's track team, being dash man.

NEW FRONT FOR CLOTHING STORE

KRUGER & TURBIN DISPLAY WINDOWS TO BE ENLARGED AND REBUILT.

Plans have been completed by Kruger & Turbin for the rebuilding of their store front, enlarging and deepening the present display windows and the addition of a display case in the entrance. The plans which have been prepared will not only make the present windows much more attractive than they have been in the past, but will improve the general appearance of the building as well.

Work Was Delayed.

The plans for the improvements which will be made have been drawn up and according to Mr. Kruger the work will be started immediately after Easter. It was originally intended to start work immediately and have the work done before the Easter holidays, but trouble in securing materials to go ahead with the work has delayed the improvements.

The present windows will be torn out and lowered to some extent. They will be built about three and one half feet deeper than they are at the present time, the arrangement being along more modern lines to afford a better showing of their goods. The entrance will be a wide one and in the center will be a glass display case. The entrance to the single door in front will be accessible from either side of the front.

Long Established There.

The building in which the Kruger & Turbin Co. is housed is one of the older large buildings of the east side. The windows have not been changed to speak of in the twenty-five years he had been in business there, Mr. Kruger states, and in spite of the fact they have stood for many years they are far from being unattractive. Mr. Kruger was originally in the clothing business in this same location with Mr. Cameron, the firm changing from the Kruger & Cameron Co. to the Kruger & Warner Co., and a few years ago to the Kruger & Turbin Co.

U. S. MARINE OFFICER HONORED BY JAPAN

Washington.—The Emperor of Japan has conferred the "Order of the Rising Sun" on Lieut. Col. William L. Redles of the U. S. Marine Corps, and the decoration is now at Marine Corps headquarters here awaiting the arrival of Colonel Redles, when it will be delivered by General Barnett, commandant of the Corps.

Lieut. Col. Redles was until recently Assistant to the Naval Attache at the American Embassy in Tokio, Japan, and the decoration has been awarded him in appreciation of his services there.

Popular opinion is popular only so far as it is satisfactory.
Rest in peace, brother—if you can find it anywhere on this earth.

LABOR PAY UP; SHORTEN HOURS

CONSOLIDATED CONSTRUCTION MEN GET SAME RATE CITY EMPLOYEES DRAW

Common laborer wages paid to men on the construction work at the Consolidated mill in this city have been advanced to fifty cents per hour this being the scale the city employees working on paving construction and similar work will draw this summer by a recent act of the council which boosted salaries and wages along the line from the mayor down to the street employees. The rate which has been paid in the past at the Consolidated mill was forty-five cents per hour for the construction work, an 8 hour day netting the men \$3.60. Under the new schedule they are earning \$4.00 daily, a figure which a few years ago would have seemed exorbitant for this sort of work.

Forty-five Effect

At the present time the raise will affect about forty-five men who are employed on the construction work building the foundation for the new power house, which is being constructed a short distance below the dam and adjoining the present power house on the northeast. The work was started a few weeks ago and due to the unfavorable weather and the necessity of getting the preliminary work completed, the crew is not as big at the present time as it will probably be later in the season, when more men will be affected by the raise.

Carpenters Scale Up

Carpenters in the city as well as the laborers are enjoying an advanced scale of wages, the union scale for Grand Rapids which has recently gone into effect being seventy-five cents an hour. This is an advance of fifteen cents an hour over the previous scale which stood at 60 cents for some time past. The new scale will probably remain in effect for a period of one year, union scale agreements being generally set for this period of time. The raise is conceded to be a fair one, comparing favorably with the scale of union carpenters in other cities.

Change Hour Schedule

Men who are employed by the McKinnon Mfg. Co., will go on a new schedule of hours next week, the old ten hours schedule going out of effect with the closing of this week and a nine hour schedule taking its place. There will be no reduction in the pay of the men, officials state, the ten hour remaining for the nine hour schedule. About sixty men are effected by the change of hours which take effect at the MacKinnon plant. Under the new system the men will go to work at seven in the morning as heretofore and will quit at five in the afternoon.

JOSEPH SANVILLE DIED TUESDAY

BURIAL MADE IN MOUND CEMETERY AT PITTSVILLE

Joseph Sanville passed away at the home of his daughter, Mrs. John McGrillis at Marshfield Tuesday afternoon three weeks' illness.

Funeral Services

Funeral services were held Thursday afternoon from the Sanville home at Pittsville, Rev. Fred Olson, this city officiating and burial was made in Mound Cemetery there.

Resident of County

The deceased was born in Grand Rapids, Wis., 42 years ago, Feb. 2, 1857 and his entire life was spent in Wood county with the exception of a few years employed for the Arpin Company at Bruce. He is well known throughout the county.

Survivors

He is survived by his widow, three daughters, Mrs. Del Murray of Evansville, Wis., Mrs. Edna Griffith of Wausau, Wis., and Mrs. John McGrillis of Marshfield, Wis., and one sister, Mrs. Salina Chandler of Grand Rapids, Wisconsin.

MARX CANDIDATE

IMPROVEMENTS THAT HELP

It is with interest and real approval that we hear of the contemplated improvements to be made in the business district. The announcement of Kruger & Turbin for a new display window is welcomed. The work on the store front for the Penney store will also do much toward improving the display part of the store.

Grand Rapids is shaking the dust of ages from its feet and waking up to the fact that newer and progressive methods are the best methods after all.

People judge their own town and strangers pass judgment on Grand Rapids largely on appearances. You have often heard it said that the first impression is the lasting one.

The improvements in the Kruger & Turbin store are good ones but the change was not the first one expected, as much as the clothing store always has attractive displays. One has in mind other locations where money spent for "fixing up" would be money well spent. Some of the structures in Grand Rapids are standing invitations for a good fire. Some of these days the fire department will have their hands full if a real blaze gets a start.

HIGH COST CUTS BASEBALL

Emporia, Kas.—Because of the high cost of baseball material, the national sport will not be popular among colleges of the Kansas Athletic Conference, according to Coach George McLares of the Kansas State Normal school and Coach Gwinn Henry of the College of Emporia. The coaches asserted athletic interest in Kansas colleges and universities this spring would be centered in track work. "With baseballs costing \$2.50 each and uniforms near the \$20 mark, baseball is a losing proposition in the average school," commented Coach Henry.

If you have no tires to be rebuilt, try some of our Stock Tires at 15 per cent. more than the above prices.

A letter from one of our customers tells the story of our work. It reads:

"In August of 1919 I received a tire that you had rebuilt for me through the Grant Tire and Rubber Company process. Will say that I have run this tire on a truck for 7,500 miles and it looks as though it was good for that many more miles. I cannot praise this work too highly—Walter Pauley, Cleveland, Indiana.

WILL NOT BE CANDIDATE

Milwaukee—Ex-mayor David S. Rose announces that he will not be a candidate for mayor of Milwaukee. "It has been understood all along that I would not be a candidate if it were necessary to make a fight in the primary," Mr. Rose said. "The suggestions that I should be a candidate came from local parties. I told

them that unless I could receive the endorsement of both committees and go thru the primary without a contest I would not enter the race. It now appears that there will be a primary fight, with the usual bitterness, and I have decided not to run."

FORGET THE PAST

The MAN NOBODY KNEW

Holworthy Hall

Copyright by Dodd, Mead & Company, Inc.

And yet, as the realities stood, now, he was sensitive to the nothingness of his triumph, until such time as he had some one to divide it with him. For there is little pleasure in a monopoly of happiness; not even a joke is fully established until some one appears to share it; a secret is delectable only when it's repeated, a conquest is empty without the popular acclaim, or the arrival of the historian. He felt this keenly; he reflected that of all the syndicate, he alone was without a beneficiary. And today, when he had steeled himself to speak to Carol . . . like countless generations of men before him, he began vaguely to wonder what he should do if she refused him.

What would he left? Only the shell of achievement. Would he go back to France? or would he remain in America, and struggle for success by endowing war charities out of his glorious income-to-be? Also . . . and this was exasperating . . . what should he say to her? It is given to few men to propose twice, in different characters, to the same girl.

The train plowed and panted through the thickening drifts; Hilliard's watch was coming out of his pocket at five-minute intervals; here was Rochester at last . . . three hours late . . . and there, shining dimly through banked clouds, was the sun! The train seemed warmed to greater effort by its mere appearance; Hilliard, who had measured time by weeks, then by days, and more recently by reluctant hours, began to mark the minutes from his mental calendar.

And then, after an interminable century of impatience, the outlying villages, gray and smoky; the flat wastes of Solvay; the road slowly becoming streets; the buildings adding height . . . Syracuse!

His feet were on the platform; he was hurrying forward. Ahead of him . . . and in his excitement he stumbled heavily . . . there, coming toward him . . . Carol and the Doctor, bearded and rosy . . . no question of the welcome they were bringing him!

His own initial remarks were grossly incoherent. There were no words to fit the situation; perhaps he did it

greater justice by the disconnected sounds he made. And then he was entering the Doctor's closed car; they were bouncing over the cobbles of the lower city; they were attacking the grade of James street, and he was peering out in an ecstasy of memory at the houses where he had played in boyhood.

Two o'clock . . . on time for dinner to the second! A house hanging with evergreen; a Christmas spirit permeating every nook and cranny; Christmas odors—not all of evergreen—drifted in tantalizing whiffs to meet him.

A joyous interlude; a gay procession; a hush; a gravely spoken blessing—Oh, that Christmas!

There came a time early in the evening when Hilliard found himself alone with Carol. He had a vague recollection that they had been sent to look for something . . . a corn popper, or some other equally futile article . . . and for an instant he marveled at their expecting to find it in the sun-parlor, where they had wandered. But the sun-parlor was happily unoccupied; and there were comfortable chairs in it; and something very green and red and seasonable in all the windows; so that they both delayed prodigiously, and exchanged a number of highly inconsequential remarks about the decorations. Presently, without so much as a transient thought for the corn-popper, they sat down with one accord. From a distance the murmur of cheerful voices in the living room was an adequate accompaniment to their thoughts.

Hilliard's head was dropped low; his reverie was so profound that not even Carol's voice could rouse him—not until she spoke a second time.

TO REFUSE HAPSBURG AUTHORITY IN AUSTRIA

ROUMANIANS FEAR RETURN OF FORMER RULE

(By Associated Press)

London, Mar. 5.—Members of the Supreme Allied Council are determined to adhere to original refusal to allow restoration of the Hapsburg in either Austria or Hungary. It is said in conference circles in answer to inquiries regarding Rumania's fear that the appointment of Admiral Horthy as Hungarian Regent means the return of the former rule of that body.

Recognition of the Soviet government in Russia, it is said in some circles, has been discussed in the course of the Council's consideration of economic and financial problems but no definite conclusion has been reached.

WISCONSIN BREVITIES

HEAD OF PUBLIC WORKS

Sheboygan—Charles Treat, who left Sheboygan twenty years ago, is now head of the Board of Public Works of Los Angeles, Cal., according to information received by his friends here.

CLAIMS RECORD

Sturgeon Bay—W. I. Lawrence, owner of the Rose Hill Farm of this city, claims the egg production record for the month of February. His count for the month shows that his brood of 56 Rhode Island Red hens laid 801 eggs, or an average of 15 per month per hen. Inasmuch as February was a very cold month, the record is considered exceptionally good.

HONEY PRODUCTION

Green Bay—The high price and shortage of sugar will serve as a great stimulant to the honey producing industry according to information advanced for the Brown County Beekeepers' Association which held their annual meeting here. About 30 of the largest beemen of the county were at the meeting, and efforts are being made to get every beekeeper in the county to join the association. As a part of the campaign to produce more honey and to induce more persons to engage in the business, the association will take up a plan for county inspection and for insurance of the apiaries.

MOCK ELECTION

Rhineland—As a practical lesson to women voters, a mock election will be held at a meeting of the women's citizenship class being conducted in this city. Booths will be arranged, clerks and inspectors appointed and all the thrills of a regular election will be furnished to members of the class.

ATTORNEY UNABLE TO ACT

Rhineland—Mrs. Stanley Blomski, who with her husband is to be tried here this week on a charge of murdering her six-year-old son, Alban is without counsel, a Milwaukee attorney who took the case having notified her that he will be unable to continue as her lawyer and as Rhineland attorneys will not accept the case of their own accord it is probable that Judge Reid will appoint one. A Wausau attorney will appear for the woman's husband.

CONSTRUCTION POSTPONED

Manitowoc—Because the bonded indebtedness has reached such figures that the limit will be reached before the central high school could be built, Manitowoc may have to wait a couple of extra years for their new high school. The site was purchased some time ago and is pronounced ideal. Plans by the architect have been adopted but the plans call for the expenditure of \$1,500,000 and it is doubtful whether such a bond issue would be passed by the voters even though the limit would permit. The academic unit, which is the most necessary, would cost almost \$700,000. The state board of education has insisted that the city provide more quarters and have asked that the present high school be used for the vocational training school.

THE PALACE THEATRE

MISS CALHOUN STAR HEROINE
"Everybody's Business", which will be shown at the Palace theater, tonight Saturday, thrills with action yet throats there is a beautiful love plot, and many cleverly humorous situations, with an underlying deep human appeal.

Star Heroine

The star heroine is Miss Alice Beatrice Calhoun, who is only 17 years old and is a Cleveland girl. She entered silent drama about two years ago and her first appearance was in "The Thirteenth Chair." Chas. Raymond plays opposite Miss Calhoun and is a masterful characterization.

Shows American Spirit

It is a story of glorious love interwoven with a great and typically fine American spirit. There is the eternal triangle, two men and a girl, but with a new twist that lends a deep and heartfelt appeal.

NORMINGTON'S WIN GAME FROM FOUNDRY

LAUNDRYMEN ROLL GOOD SCORE AND WIN EASILY

The Normington team upheld their reputation on the Elks alleys last night when they defeated the Foundry team by a score of 2551 to 2226, having a margin of three hundred and twenty-five pins to spare when they had eliminated their opponents. While no one went over the two hundred mark the laundrymen rolled some good averages, winning all three games. The scores rolled were:

HIGH SCHOOL CHAMPS TO MEET AT CHICAGO

MARCH TOURNAMENT WILL INCLUDE STAR TEAMS.

Chicago—Teams which will be invited to compete in the Second Annual Basketball Interscholastic of the University of Chicago on March 18, 19 and 20 will be selected shortly, and as most of the strong five already have submitted records, a hard fought tournament should result. Other records of both high school and academy teams will be considered if submitted

immediately, so that the pick of the best fives of the country will fight for the national title. Teams from Louisiana, Arkansas, Pennsylvania, Ohio, Missouri and eleven other states have submitted records and asked for invitations.

The Couhatta team, with a total of 292 points to 77 for their opponents for this season; Stivers High, of Toledo, with a record of 16 straight victories; Jonesboro, Ark., undefeated so far this year, and holder of the state title since 1917; and Crawfordville, Ind., undefeated this year, and recently winner of the Tri-State Tournament at Cincinnati, have asked for invitations and probably will be invited to compete.

A preliminary round for teams of the Chicago district will be played on March 12, when the best fives of that section will fight for the right to enter the national competition.

Individual trophies and team prizes will be given to the teams finishing first and second in both the high school and academy sections.
